

David Patel

david.patel@email.com | +1 650 555 0247 | Toronto, Canada

PROFILE

Machine Learning Engineer with 5 years of experience developing and deploying predictive models. Strong background in deep learning, NLP, and MLOps using Python, TensorFlow, and PyTorch.

EXPERIENCE

Machine Learning Engineer — Shopify, Toronto, Canada

2022 – Present

Designed recommendation engine using collaborative filtering and PyTorch. Deployed ML models via FastAPI on GCP using Vertex AI. Reduced inference latency by 35% through model quantisation.

Data Scientist — RBC, Toronto, Canada

2019 – 2022

Built fraud detection models using XGBoost and scikit-learn. Applied NLP techniques for customer sentiment analysis.

EDUCATION

Master of Science in Machine Learning

University of Toronto, 2019

SKILLS

Python, TensorFlow, PyTorch, scikit-learn, XGBoost, Keras, NLP, BERT, LangChain, MLflow, Docker, Kubernetes, GCP, SQL, Spark
